

Charles A. Dinarello, M.D.

Charles A. Dinarello is Professor of Medicine and Immunology at the University of Colorado School of Medicine and Professor of Experimental Medicine at Radboud University in the Netherlands. Professor Dinarello received his medical degree from Yale University and clinical training at the Massachusetts General Hospital. From 1971-77 he was a Clinical Associate at the National Institutes of Health in Bethesda. Dr. Dinarello serves on the editorial board of several scientific journals and has published over 600 original research articles and 250 reviews and book chapters on cytokines, particularly on Interleukin-1, the IL-1 family and related cytokines. He has trained over 50 investigators, many of whom are recognized experts in their fields. The Institute for Scientific Information listed Dr. Dinarello as the world's 4th most-cited scientist during the 20 years 1983-2002.

In 1998, Professor Dinarello was elected to the United States National Academy of Sciences and in 2011, he was appointed a foreign member of the Royal Netherlands Academy of Arts and Sciences. He is a member of the Board of Governors of the Weizmann Institute (Israel) and Ben Gurion University (Israel) and was the Vice President of the American Society of Clinical Investigation and President of the International Cytokine Society. He has received honorary degrees from the University of Marseille (France), the Weizmann Institute of Science (Israel), the University of Frankfurt (Germany) and Roosevelt University (USA), Albany Medical College (USA), Radboud University (Netherlands) and Trinity College (Ireland). For his contributions to the field of cytokines and medicine, he received the Squibb Award (USA), Ernst Jung Prize in Medicine (Germany), Gold Medal of the Heilmeyer Society for Internal Medicine (Germany), Chirone Prize (Italian National Academy of Medicine), Carol Nachman Prize (Germany), Sheikh Hamdan bin Rashdid al Maktoum Award (United Arab Emirates), Beering Prize (USA), Albany Prize in Medical Research (USA), Crafoord Prize of the Royal Swedish Academy of Sciences (Sweden), Paul Ehrlich Prize (Germany), Bonfils-Stanton Prize (USA) and the Novartis Prize in Clinical Immunology (Switzerland). Dr. Dinarello donates the monies from these prizes to the Interleukin Foundation, a charitable foundation, which he founded in 2009 to support research on cytokines as they apply to the treatment of disease.
